Applying Concepts in Everyday Life

Fertility-Rate Implications

Take a minute to reflect on the practical implications of the data you've just seen. The What Do You Think? box for this chapter asked how fully-loaded and diaper manufacturers could plan production from year to year. The consistency of U.S. fertility rates suggests that this is not the problem it might have seemed.

Who else might benefit from this kind of analysis? What about health-care workers and educators? Can you think of anyone else?

What if we analyzed fertility rates by region of the country, by ethnicity, by income level, and so forth? Clearly, these additional analyses could make the data even more useful. As you learn about the options available to social researchers, I think you'll gain an appreciation for the practical value that research can have for the whole society.

Social scientists are interested in understanding the system of variables that causes bigotry to be high in one instance and low in another.

The idea of a system composed of variables may seem rather strange, so let's look at an analogy. The subject of a physician's attention is the patient. If the patient is ill, the physician's purpose is to help that patient get well. By contrast, a medical researcher's subject matter is different: the variables that cause a disease, for example. The medical researcher may study the physician's patient, but only as a carrier of the disease.

Variables, on the other hand, are logical sets of attributes. The variable *occupation* is composed of attributes such as farmer, professor, and truck driver. *Social class* is a variable composed of a set of attributes such as upper class, middle class, and lower class. Sometimes it helps to think of attributes as the categories that make up a variable. See Figure 1-2 for a schematic review of what social scientists mean by variables and attributes.

Sex and *gender* are examples of variables. These two variables are not synonymous, but distinguishing them can be complicated. I will try to simplify the matter here and abide by that

5. You will then need to enter a 4-digit code sent to your **Student Email Address**

The screenshot shows the WileyPLUS Customer Support interface. At the top, it says "WileyPLUS" and "Customer Support". The main message reads: "Almost there; we just sent an activation code to your inbox. Please enter the 4 digit code to confirm your account." Below this, a note states: "This is different from the WileyPLUS REGISTRATION CODE that you may have already purchased." There are four empty input boxes for the 4-digit code. At the bottom, there are three buttons: "Back", "Resend Code", and "Submit".

6. You will receive an email from noreply@wileyplus.com, titled Verify your **WileyPLUS email address** with a four-digit code

7. Enter the four-digit code to verify your WileyPLUS Account and select **Submit**

The screenshot shows the WileyPLUS account verification page. At the top, there is a dark blue header with 'WileyPLUS' on the left and 'Customer Support' on the right. Below the header, the main content area has a light blue background. It features a message: 'Almost there; we just sent an activation code to your inbox. Please enter the 4 digit code to confirm your account.' Below this message is a smaller line of text: 'This is different from the WileyPLUS REGISTRATION CODE that you may have already purchased.' In the center, there are four input boxes containing the digits '7', '9', '1', and '4'. At the bottom, there are three buttons: 'Back' on the left, 'Resend Code' in the middle, and 'Submit' on the right. The 'Submit' button is highlighted with a red rectangular border.

8. You will receive a confirmation, select **Continue**

The screenshot shows the WileyPLUS account confirmation page. At the top, there is a dark blue header with 'WileyPLUS' on the left and 'Customer Support' on the right. Below the header, the main content area has a light blue background. It features a green checkmark icon inside a circle. Below the icon, the main message reads: 'Thank you! Your WileyPLUS account is confirmed.' Underneath this message is a smaller line of text: 'Click Continue to access your WileyPLUS content. If you do not have an active WileyPLUS subscription you will be taken to our registration page where you can purchase access instantly, redeem a registration code, or start a free trial.' At the bottom, there is a yellow button labeled 'Continue'.

1. Click Course Material

The screenshot shows a web browser window displaying the Blackboard course home page for 'Intermediate Accounting II 33_AA_M_2021-2022 SPR'.
